A few examples of what we have to offer:

We provide up to 15 taps in one go to ensure we provide the ultimate variety and quick customer service. This ensures happy guests that enjoy the experience your event has to offer.

We offer a range of Craft Beers, Craft Shandy's, Gins, Vodka's, Rums, Brandy's and Whisky all locally produced in Bloemfontein.

We are always a crowd puller and with a variety of mobile units we can seamlessly fit into any space and environment. Our presence creates interest and excitement as we always strive to be one of the highlights of any event.

Look no further as we are guaranteed to be your first choice for any upmarket event. Whether it's a wedding, a golf day or bespoke corporate function, we put in the effort to make a success of any event.

Our mobile unit with 2 or 3 copper taps can easily be placed on any counter or table structure from where to serve our range of drinks to guests.

This unit is perfect for anything from weddings to corporate functions. Typically guests will be served by a person pouring the selected drinks and then hand it over to guests.

The self service wooden stands are a hit during pre-drink sessions at weddings or more informal events such as golf days or casual corporate functions.

With 3 taps it easily provides a range of options where guests can either serve themselves a drink or be served by persons manning the stand.

We provide prepaid as well as cash bar services, depending on your requirements during the event.

Should you require staff to handle the bar we will be able to provide experienced trained persons to handle the event.
